

WICI Symposium

Session 1: “Company perspectives”

**Connecting how resources are used with the
identification of various capitals**

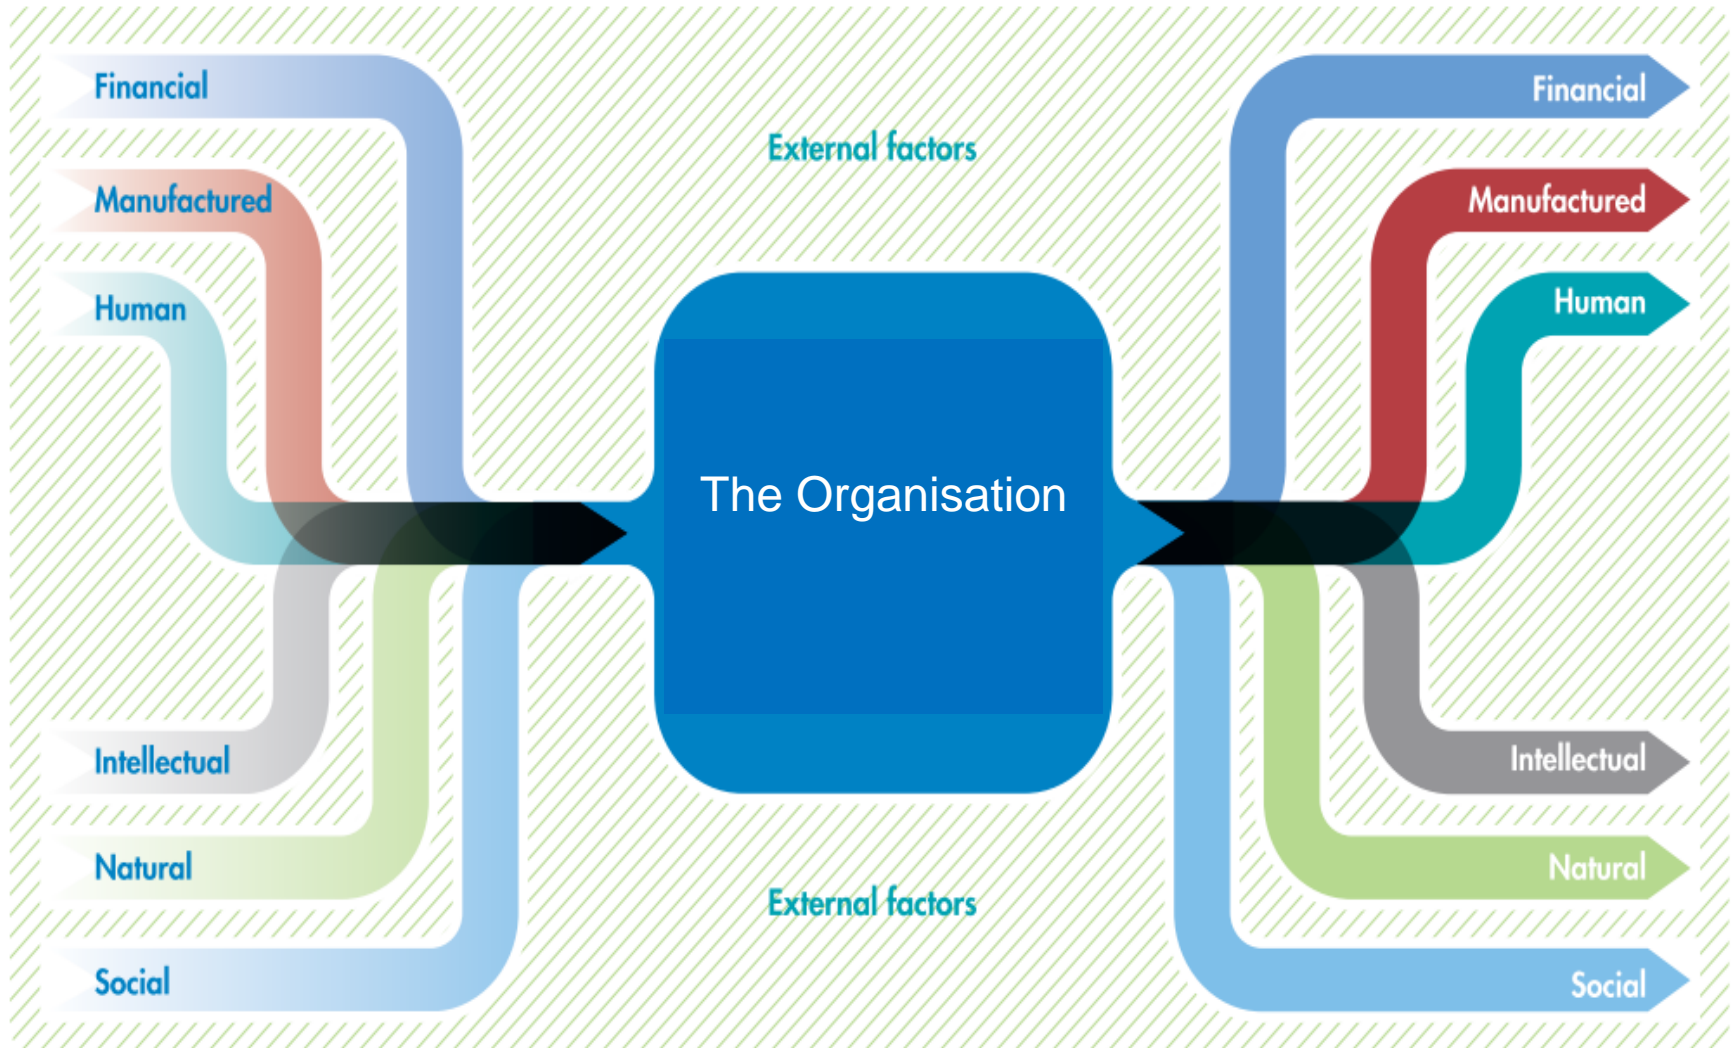

Charles Tilley, FCMA, CGMA
CEO, CIMA
Chair IIRC Technical Task Force

Powered by

The Capitals

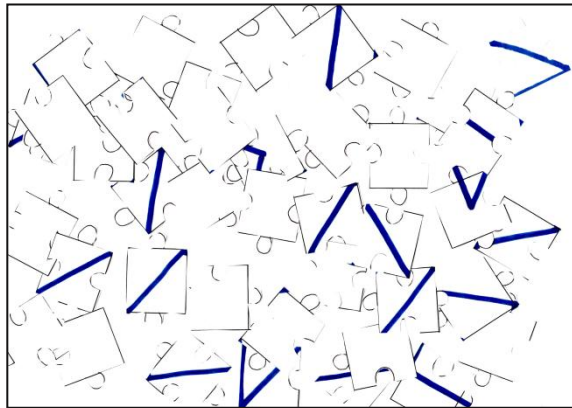

Importance of a big picture

Volume of information is the same

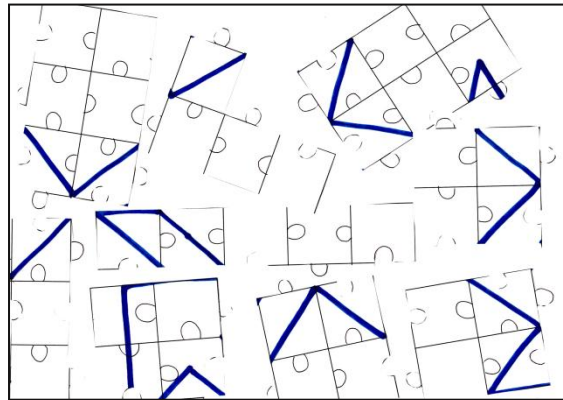

But the value of information is different with or without connectivity

Pieces of
information without
connectivity

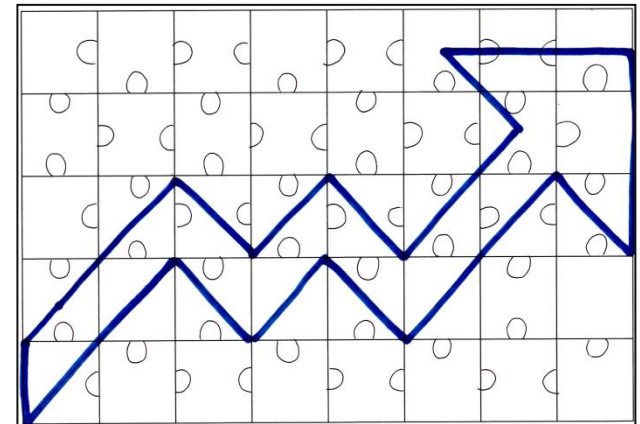

Number of
pieces=40

Close-up pictures
(partial connectivity)
without big picture

Number of
pieces=40

Big Picture
